THe previous Director ~~is~~ was of the opinion that, as it is a number of years since the candidate passed his B Sc , examination and is therefore, out of touch with the subject of Chemistry for a long time, he is not suited for being taken as Food Analyst in Bangalore City Municipality. His contention is in my view also well founded However as the Municipality is insisting on this candidate being taken on for this work, I suggest that he may be asked to appear before the

Chemical Examiner to undergo an examination to know whether his knowledge of chemistry and allied subjects is sufficient to consider him fit for being taken up for training. In the alternative, as the period of 6 months, which was the duration of the temporary vacancy to which he was appointed, has expired, applications may be called for afresh through the Public Service Commissioner for selecting a candidate for the appointment. The latter procedure would avoid all unnecessary controversy

To

Sir,

Re - Appointment of Mr I V Govindappa, as Food Analyst

Adverting to letter No L5 C 110/47-48 dated 6th December 1947 of the Municipal Commissioner, Bangalore city addressed to you on the above subject and copy sent to this office, I have the horour to inform you that in my opinion Mr I V Govindappa, B Sc , is not qualified for work as Food Analyst This work is of a technical nature and requires special training Further a Food Analyst will have to appear in Courts in the capacity of a specialist to give evidence and it is not likely that Mr Govindappa's qualification will be accepted by Courts of Law

Further it is over 5 years since he had anything to do with Science or Scientific work as he has been working as a clerk

Passing Revenue Departmental examination is not a criterian for the eligibility of candidate for this work It is the knowledge of the subject in the recent past and the further training that counts It is better to call for applications with necesary qualification

2 The Director in his letter No C 143-40/47 dated 19-4-1948 to the Health Officer has informed that Sri Govindappa cannot be permitted to work in the Public Health Institute as he is not qualified for the work Further in his letter of even number dated 23-4-48 to the undersigned, he intimates with regret that it is not possible as long as he (Govindappa) is not found fit to carry on the work

90 Letter No L 15388/M1,10-47-78 dated 1-4-1948 approving the appointment of Sri K.V Govindappa as Food Analyst tentatively in place of Sri Kulasekhara Mudaliar Also letter from the Director of Public Health refusing to admit Sri Govindappa into the laboratory Also Office note in the matter

===

Sri H S Seetharam observed that the official posted by the Municipality had not been taken on duty as Food Analyst and cordemned the attitude of the Director of Public Health in this respect It was very strange that the Director of Public Health had taken such an attitude and the speaker suggested that the action of the Director of Public Health in refusing to take the official on duty should be brought to the notice of the Governmen if necessary He requested the Commissioner to address the Director of Public Health and ascertain his views in the matter

Sri K Narayan supporting the above observations said that it was not right on the part of the Director of Public Health to refuse to take the official on duty and condemned the action of the Director in this regard He requested the Commissioner to find out some other place where the official's services could be utilised till the question was finally decided

Sri D R Puttanna wanted to know why the Director of Public Health had declined to take the official on duty

The Commissioner informed the House that the Director of Public Health had suggested the name of another official for being appointed as Food Analyst, but the Council preferred Sri Govindappa for the appointment of Food Analyst as he had the requisite qualification for the post The Director of Public Health refused to take Sri Govindappa on the ground that he was not a trained candidate and that the matter stood at that stage

Sri D Mallappa observed that Sri Kulasekhara Mudaliar also had not previous experience before being taken on duty as Food Analyst, and it was not understood how the Director of Public

had disqualified Sri Govindappa.

Sri Anantharaman observed that Sri Govindappa was a Science Graduate who could easily pick up the work and it was not understood how he could not be taken on duty.

Resolution - Deferred.
